

ST. MARY MAGDALENE COMMUNITY
A PLACE TO GROW YOUR SPIRIT

This logo, designed in 2012, represents who we are as St. Mary Magdalene Community.

The green sprig represents new life springing forth in our personal and communal relationship with God and all creation. It reflects the new path our community is walking in the catholic tradition. The sprig, rooted beneath the line, indicates our community's rootedness in the gospel.

The oval lines symbolize the wider world of which our community is one part. These oval lines are fluid, reflecting the organic and generative nature of our community. These lines also represent the unique paths on which we journey as individuals and as a community. The oval is open to show our openness to the "all" of God and to the expression of God in the many faith traditions of the world. It also reflects our spirit of welcome for all God's people.

The cross appears in our name to reflect our belief in the living Christ, present in every person. To live out this belief, we are committed to sharing Jesus' prophetic message of mercy, justice, and inclusive love.

"A Place to Grow Your Spirit" is our invitation. Our community invites all who seek God to walk the path of faith in freedom, and together explore our unfolding relationship with God, one another, and all creation.
